ARTICLE TWO: GENERAL PROVISIONS

14. This MOU is a statement of intent to consult, cooperate, and exchange information in connection with the supervision and oversight of Covered Firms with respect to their Covered Matters. The cooperation and information sharing arrangements under this MOU should be interpreted and implemented in a manner that is permitted by, and consistent with, the legal requirements applicable to each Authority. With respect to cooperation pursuant to this MOU, the Authorities believe that no secrecy or blocking laws or regulations should prevent an Authority from providing assistance to the other Authority. The Authorities anticipate that cooperation primarily will be achieved through ongoing informal consultations, supplemented as needed by more formal cooperation, including through mutual assistance in obtaining information related to Covered Firms with respect to their Covered Matters. The provisions of

this MOU are intended to support both informal consultations and formal cooperation, as well as to facilitate the written exchange of non-public information in accordance with applicable laws.

15. This MOU does not create any legally binding obligations, confer any rights, or supersede domestic or European Union legislation. This MOU does not confer upon any Person the right or ability directly or indirectly to obtain, suppress, or exclude any information or to challenge the execution of a request for assistance under this MOU.
16. This MOU is not intended to limit or condition the discretion of an Authority in any way in the discharge of its regulatory responsibilities or to prejudice the individual responsibilities or autonomy of any Authority. This MOU does not limit an Authority to taking solely those measures described herein in fulfillment of its functions or preclude Authorities from sharing information or documents with respect to Persons that are not Covered Firms but may be subject to regulatory requirements in the United States and in Italy. In particular, this MOU does not affect any right of any Authority to communicate with, conduct an On-Site Visit of (subject to the procedures described in Article Five), or obtain information or documents from any Person subject to its jurisdiction that is physically located in the jurisdiction of another Authority.
17. This MOU is intended to complement but does not alter the terms and conditions of existing arrangements, including the Covered Funds MOU and:
 - a. The *Memorandum of Understanding on Consultation and Mutual Assistance for the Exchange of Information* between the CFTC and CONSOB (June 22, 1995);
 - b. The *Declaration on Cooperation and Supervision of International Futures Markets and Clearing Organizations* (as amended March 1998), to which the CFTC and CONSOB are signatories;
 - c. The *Exchange of Letters* (relating to the listing of equity-based futures contracts) between the CFTC and CONSOB (April 5, 2000);
 - d. The *Supplemental Memorandum of Understanding* (to facilitate the recognition of regulated markets) between the CFTC and CONSOB (September 11, 2000);
 - e. The *IOSCO Multilateral Memorandum of Understanding Concerning Consultation and Cooperation and the Exchange of Information* (revised May 2012) ("IOSCO MMOU"), to which the CFTC and CONSOB are signatories, which covers primarily information sharing in the context of enforcement matters; and
 - f. The *Administrative Arrangement for the transfer of personal data* ("Personal Data Arrangement"), to which the CFTC (May 14, 2019) and CONSOB (June 7, 2019) are signatories.

The Personal Data Arrangement supplements existing arrangements between the Authorities and sets forth certain safeguards for the transfer of personal data. The Authorities acknowledge that they will act consistent with the Personal Data Arrangement with respect to the transfer of personal data between them under this MOU.

18. To facilitate cooperation under this MOU, the Authorities hereby designate contact persons as set forth in Appendix A, which may be amended from time to time by an Authority transmitting revised contact information in writing to the other Authority.

ARTICLE THREE: SCOPE OF SUPERVISORY CONSULTATION, COOPERATION, AND EXCHANGE OF INFORMATION

General

19. The Authorities recognize the importance of close communication concerning Covered Firms and intend to consult regularly, as appropriate, regarding:
- a. General supervisory issues, including regulatory, oversight, or other related developments;
 - b. Issues relevant to the operations, activities, and regulation of Covered Firms with respect to their Covered Matters; and
 - c. Any other areas of mutual supervisory interest.
20. The Authorities recognize in particular the importance of close cooperation in the event that a Covered Firm, particularly one whose failure likely would be systemically important to an Authority, experiences, or is threatened by, a potential financial crisis or other Emergency Situation.
21. Cooperation will be most useful in, but is not limited to, the following circumstances where issues of common regulatory concern may arise:
- a. The initial application of a Covered Firm for authorization, registration, or exemption from registration, and the acquisition, disposal, or increase of significant holdings in a Covered Firm (e.g., to assess eligibility of new beneficial owners of significant fractional interest);
 - b. The ongoing supervision and oversight of a Covered Firm with respect to its Covered Matters, including compliance with Laws and Regulations in either jurisdiction; and
 - c. Regulatory or supervisory actions or approvals taken in relation to a Covered Firm by the CFTC or CONSOB that may materially impact the operations of the entity with respect to its Covered Matters in the jurisdiction of the other Authority.

Event-Triggered Notification

22. As appropriate in the particular circumstances and with respect to Covered Matters, each Authority will endeavor to inform the other Authority promptly, and where practicable in advance, of:
- a. Pending regulatory changes that may have a material impact on the operations, reputation, rules, or procedures of a Covered Firm with respect to its Covered Matters;
 - b. Any material event of which the Authority is aware that could impact the financial or operational stability of a Covered Firm. Such events include the failure of the Covered Firm to satisfy any of its requirements for continued authorization, registration, or

exemption from registration where that failure could have an adverse effect in the jurisdiction of the other Authority, as well as any known material change in the ownership, operating environment, operations, financial resources, management, or systems and controls of a Covered Firm; and

- e. Enforcement actions or sanctions or significant regulatory actions, including the revocation, suspension, or modification of authorization, registration, or exemption from registration, concerning a Covered Firm and/or any individual involved in the Covered Matters of a Covered Firm.
23. The determination of what constitutes "materially impact" for purposes of Paragraph 21 or "material impact", "material event", "impact", "adverse effect", "material change", "enforcement actions or sanctions", or "significant regulatory actions" for purposes of Paragraph 22 will be left to the reasonable discretion of the relevant Authority that determines to notify the other Authority.

Request-Based Information Sharing

24. To the extent appropriate to supplement informal consultations, upon written request, the Requested Authority intends to provide the Requesting Authority the fullest possible cooperation subject to the terms in this MOU in assisting the Requesting Authority's supervision and oversight of Covered Firms with respect to Covered Matters, including assistance in obtaining and interpreting information that is relevant to ensuring compliance with the Laws and Regulations of the Requesting Authority and that is not reasonably otherwise available to the Requesting Authority. Such requests will be made pursuant to Article Four of this MOU, and the Authorities anticipate that such requests will be made in a manner that is consistent with the goal of minimizing administrative burdens.
25. The information covered by Paragraph 24 includes:
- a. Information responsive to requests from an Authority, or an entity to which an Authority has delegated registration functions, related to the fitness of an applicant for authorization, registration, or exemption from registration;
 - b. Information relevant to the financial and operational condition of a Covered Firm, including, for example, financial resources, risk management, and internal control procedures;
 - c. Relevant regulatory information and filings that a Covered Firm is required to submit to an Authority including, for example, interim and annual financial statements and early warning notices; and
 - d. Regulatory reports prepared by an Authority, including, for example, examination reports, findings, or information contained in such reports regarding Covered Firms.

Periodic Meetings

26. Representatives of the Authorities intend to meet periodically, as appropriate, to update each other on their respective functions and regulatory oversight programs and to discuss issues of

common interest relating to the supervision of Covered Firms, including: contingency planning and crisis management, systemic risk concerns, the adequacy of existing cooperative arrangements, and the possible improvement of cooperation and coordination between the Authorities. Such meetings may be conducted by conference call or on a face-to-face basis, as appropriate.

ARTICLE FOUR: EXECUTION OF REQUESTS FOR INFORMATION

27. To the extent possible, a request for information pursuant to Article Three should be made in writing (which may be transmitted electronically) and addressed to the relevant contact person(s) identified in Appendix A. A request generally should specify the following:

- a. The information sought by the Requesting Authority;
- b. A general description of the matter that is the subject of the request;
- c. The purpose for which the information is sought; and
- d. The desired time period for reply and, where appropriate, the urgency thereof.

Information in response to the request, as well as any subsequent communication among Authorities, may be transmitted electronically. Any electronic transmission should use means that are appropriately secure in light of the confidentiality of the information being transmitted.

The Requesting Authority and the Requested Authority should refer to the Personal Data Arrangement in requesting or providing personal data pursuant to this MOU.

28. In an Emergency Situation, the Authorities will endeavor to notify each other as soon as possible of the Emergency Situation and will communicate information as appropriate in the particular circumstances, taking into account all relevant factors, including the status of efforts to address the Emergency Situation. During an Emergency Situation, requests for information may be made in any form, including orally, provided such communication is confirmed in writing as promptly as possible following such notification.

ARTICLE FIVE: ON-SITE VISITS

29. In fulfilling its supervision and oversight responsibilities pursuant to, and to ensure compliance with, its Laws and Regulations in connection with Covered Matters of Covered Firms, an Authority (or, with respect to the CFTC, a registered futures association) may need to conduct On-Site Visits to a Covered Firm physically located in the jurisdiction of the other Authority. Each Authority will consult and work collaboratively with the other Authority in conducting an On-Site Visit.

30. An On-Site Visit by an Authority will be conducted in accordance with the following procedure:

- a. The Visiting Authority will provide advance notice to the Local Authority of its intent to conduct an On-Site Visit and consult with a view to reaching an understanding on the

intended timeframe for, and the scope of, the On-Site Visit. When establishing the scope of any proposed On-Site Visit, the Visiting Authority will give due and full consideration to the supervisory activities of the Local Authority and any information that was made available or is capable of being made available by the Local Authority.

- b. The Local Authority will share any relevant reports, or information contained therein, related to examinations it may have undertaken of the Covered Firm.
- c. The Authorities intend to assist each other regarding On-Site Visits, including providing information that is available prior to the On-Site Visit; cooperating and consulting in reviewing, interpreting, and analyzing the contents of public and non-public Books and Records; and obtaining information from directors and senior management of a Covered Firm.
- d. The Authorities will consult with each other, and the Local Authority may if required by relevant Laws and Regulations or in its discretion accompany or assist the Visiting Authority during the On-Site Visit, or the Authorities may conduct joint On-Site Visits where appropriate.

ARTICLE SIX: PERMISSIBLE USES OF INFORMATION

31. The Requesting Authority may use non-public information obtained under this MOU solely for the supervision and oversight of Covered Firms pursuant to, and to ensure compliance with, the Laws and Regulations of the Requesting Authority with respect to Covered Matters.
32. The Authorities recognize that, while this MOU is not intended to gather information for enforcement purposes, subsequently an Authority may want to use the non-public information provided pursuant to this MOU for enforcement purposes. In cases where a Requesting Authority seeks to use non-public information obtained pursuant to this MOU for enforcement purposes, including in conducting investigations or taking enforcement action, treatment of the non-public information will be in accordance with the use and confidentiality provisions of the IOSCO MMOU and, provided both of the Authorities are signatories, the *IOSCO Enhanced Multilateral Memorandum of Understanding Concerning Consultation and Cooperation and the Exchange of Information*.
33. Before using non-public information furnished under this MOU for any purpose other than those stated in Paragraphs 31 and 32, the Requesting Authority must first consult with and obtain the written consent of the Requested Authority for the intended use. If consent is denied by the Requested Authority, the Authorities will consult to discuss the reasons for withholding approval of such use and the circumstances, if any, under which the intended use by the Requesting Authority might be allowed.
34. If an Authority ("Receiving Authority") receives, via a party that is not a signatory to this MOU, non-public information originally provided by the other Authority ("Disclosing Authority") that is related to the Disclosing Authority's supervision and oversight of a Covered Firm with respect to its Covered Matters, the Receiving Authority will use and treat the information in accordance with the terms of this MOU.

35. The restrictions in this Article do not apply to an Authority's use of information it obtains directly from a Covered Firm, whether during an On-Site Visit or otherwise. However, where non-public information is provided to the Requesting Authority pursuant to an information-sharing request pursuant to Article Four of this MOU, the restrictions in this MOU apply to the use of the information by that Requesting Authority.

ARTICLE SEVEN: CONFIDENTIALITY OF INFORMATION AND ONWARD SHARING

36. Except as provided in Paragraphs 37-39, each Authority will keep confidential, to the extent permitted by law, non-public information shared under this MOU, requests made under this MOU, the contents of such requests, and any other matters arising under this MOU.
37. As required by law, it may become necessary for a Requesting Authority to share non-public information obtained under this MOU with a Governmental Entity in its jurisdiction. In these circumstances and to the extent permitted by law:
- a. The Requesting Authority intends to notify the Requested Authority; and
 - b. Prior to the Requesting Authority sharing the non-public information, the Requesting Authority will provide adequate assurances to the Requested Authority concerning the Governmental Entity's use and confidential treatment of the information, including, as necessary, assurances that:
 - i. The Governmental Entity has confirmed that it requires the information for a purpose within the scope of its jurisdiction; and
 - ii. The information will not be shared by the Governmental Entity with other parties without getting the prior written consent of the Requested Authority.
38. Except as provided in Paragraphs 37 and 39, the Requesting Authority must obtain the prior written consent of the Requested Authority before sharing non-public information received under this MOU with any non-signatory to this MOU. The Requested Authority will take into account the level of urgency of the request and respond in a timely manner. During an Emergency Situation, consent may be obtained in any form, including orally, provided such communication is confirmed in writing as promptly as possible following such notification. If consent is denied by the Requested Authority, the Authorities will consult to discuss the reasons for withholding approval of such disclosure and the circumstances, if any, under which the intended disclosure by the Requesting Authority might be allowed.
39. To the extent possible, the Requesting Authority intends to notify the Requested Authority of any legally enforceable demand for non-public information furnished under this MOU. When complying with the demand, the Requesting Authority intends to assert all appropriate legal exemptions or privileges with respect to such information as may be available.
40. The Authorities intend that the sharing or disclosure of non-public information, including deliberative and consultative materials, such as written analysis, opinions, or recommendations

relating to non-public information that is prepared by or on behalf of an Authority, pursuant to the terms of this MOU, will not constitute a waiver of privilege or confidentiality of such non-public information.

ARTICLE EIGHT: AMENDMENTS

41. The Authorities will periodically review the functioning and effectiveness of this MOU with a view, *inter alia*, to expanding or altering the scope or operation of this MOU should that be judged necessary. This MOU may be amended with the written consent of the Authorities referred to in Paragraph 1.

ARTICLE NINE: EXECUTION OF MOU

42. Cooperation in accordance with this MOU will become effective on the date this MOU is signed by the Authorities.

ARTICLE TEN: TERMINATION

43. Cooperation in accordance with this MOU will continue until the expiration of 180 days after an Authority gives written notice to the other Authority of its intention to terminate the MOU. If an Authority gives such notice, the parties will consult concerning the disposition of any pending requests. If consensus cannot be reached through consultation, cooperation will continue with respect to all requests that were made under the MOU before the expiration of the 180-day period until all requests are fulfilled or the Requesting Authority withdraws such request(s). In the event of termination of this MOU, information obtained under this MOU will continue to be treated in the manner prescribed under Articles Six and Seven.

This MOU is signed in duplicate.
